

About the creation of Sagae City PR pamphlets

In our comprehensive studies so far, each of us has thought about and presented ways to promote the good points of Sagae City. Using the information presented, we discussed it further, decided on the content, and created a promotional pamphlet. To accommodate the current inbound tourism situation, we have also created English and Chinese versions. We have also included a quiz to help people become more interested in Sagae City. I hope you will have fun while getting to know Sagae City. And I hope that many people will come to know about the great things about Sagae City. The answers to the quiz are included in the pamphlet.
